

Automatic Dishwasher Rinse Aid

SANS1828: Cleaning chemical for use in the food industry

Uses

Highly effective rinse aid for use in industrial dishwashing machines in restaurants, hotels, institutions, industrial kitchens etc. Neutralises detergents that may have been left on cutlery after washing. Gives a sparkling finish to crockery and cutlery. Effective in hard and soft water conditions. Contains defoamers to minimize foaming and prevent streaking.

Application

Remove lid from Diner-rinse container. Insert blue hose from dispensing unit into container and ensure that the hose rests on or near the bottom of the container. If necessary, adjust dispensing unit as per manufacturer's instructions.

Dilution

Through dispenser in automatic dishwashers.

Supplies

10lt container – P02960

Compounds

- < 15% non-ionic surfactants
- Preservatives
- Colourants
